

Running a Marathon is Hard. Recycling Is Easy.

Rhode Races is committed to recycling at our events. Road Races create a lot of waste, but we'll reduce our footprint by diverting hundreds of pounds of cardboard boxes, water jugs, and plastic bottles from the landfill.

Look for recycling bins next to each trash bin on race day. It will be a team effort, so before disposing of your waste, take a moment to ensure you are using the correct bin. Thanks for joining our efforts to make this event more environmentally friendly.

Common Road Race Waste Items

Plastic Bottles - recycling bin.

Plastic Cups - recycling bin. *Trash the straw.*

Paper and Styrofoam Coffee Cups - trash bin.

Banana Peels and Pizza Crusts - trash bin.

Paper Plates and Napkins - trash bin.

Cliff Bar, Gu, and food wrappers - trash bin.

Plastic Bags - trash bin.

General Recycling Guidelines

Recyclable Items. plastic jugs and bottles, plastic cups (w/out straws), other plastic containers, aluminum cans, glass bottles and jars, paper, cardboard, juice boxes and cartons.

Non-recyclable Items. food wrappers, food, plastic bags and cling wrap, paper and Styrofoam coffee cups, straws, napkins and paper towels, disposable plates, greasy cardboard.

*If you not sure whether an item is recyclable, please dispose of it in the trash.
